

YOUR SHORTCUT TO

Homemade Pasta

FOR YOUR BUSINESS

Trusted by Vientiane's top restaurants and 5-star hotels.

WHO WE ARE

The State of Pasta™ is built on a family tradition that stretches back over four generations. Originally from a small village in the Verona countryside in northern Italy, Matthias and Patrick's earliest culinary memories are of the unforgettable pasta made by their *Nonna*, who began cooking at sunrise to allow the pasta to dry for several hours in the kitchen. As it dried she made her special sauce, to her own secret recipe. Fortunately for us *Nonna* passed her know-how on to her great-grand-sons, after making them promise that they would never reveal it. Her secret remains safe, jealously

guarded by The State of Pasta™, but at least today everyone can enjoy the flavour of great Italian-style pasta. So are we Italian? The answers are yes and no. Our roots come from Italy, but we were born in Switzerland. The State of Pasta™ was founded by two Swiss brothers with a passion for fresh pasta.

WHY US

We make fresh, homemade pasta that saves you time without compromising on quality.
